Emrex sequence

Here you can fetch results from another higher education institution in Europe. The results will be digitally signed by the issuing institution, and you will have the possibility to import them to Admission Web. This process is part of EMREX, an international project for electronic transfer of student records between higher education institutions.

+ Import results from abroad

Thank you, the results have now been delivered to University of Oslo-utv.

This process is part of EMREX, an international project for electronic transfer of student records between higher education institutions. The project is now in an early phase, and we would appreciate if you could spend a few minutes to fill in the following questionnaire about your experience with it. The answers will be anonymized.
